The Story So Far

Barony tells the story of an undead lich named Baron Herx, who terrorized the town of Hamlet in a previous life and is now holding out in a vast subterranean complex known as the Devil's Bastion. As a single hero or a group of adventurers, it is your mission to descend the depths of his abode, confront him in his hellish lair, and destroy him forever. Whether you will simply meet your doom in the dungeons as many have before you or rise to victory against the Baron and his hellspawn is ultimately up to you.
