a09c17d780

Minimum:

OS: Windows 7

Storage: 2 GB available space

English

The Downloadable Content is amazing! It adds in the best thing the dakotaraptor can do, climb a tree, it would be good if it could climb more surfaces like sandy platforms, dirt platforms, and more. there should also add a new ability unlike a pounce from bite, maybe a claw attack, with it's arms. one more thing fix AI more and axis
